

DSU WRITING CENTER HELP

Students

1. Peer-to-peer tutoring: Students can receive help with their writing from experienced Writing Center tutors. We accept walk-ins but encourage students to make appointments at writingcenter.dixie.edu.

2. Synchronous sessions: Our synchronous online tutoring sessions provide support to online and nontraditional students during our normal hours, late evening, and even weekend hours.

3. Department-specific tutoring: We currently provide specialized tutoring in ESL, English upper division, psychology, and media studies areas. These students can schedule tutoring sessions from discipline-specific peer tutors who are familiar with their department's writing assignments, styles, and conventions.

*Students can find more information on these services by visiting writingcenter.dixie.edu.
